### **Arrival and departure slots:**

The airfield operating hours from September 10<sup>th</sup> to 14<sup>th</sup> are as follows:

06:00 – 17:15 UTC

Slots are required for:

September 10<sup>th</sup> and 11<sup>th</sup> from 12:00 to 16:00 UTC

September 12<sup>th</sup> from 07:00 to 15:00 UTC

Note that slots are very limited. If arrival is planned for the afternoon of September 10<sup>th</sup> or 11<sup>th</sup>, best chances for approval are between 14:00 and 14:30 UTC.

### **Airport specials:**

Kapfenberg is located in an alpine surrounding close to the city. Careful evaluation and study of the approach charts is required together with adequate calculation of aircraft performance. The airfield is limited to 2000 kg actual landing or takeoff mass. If an arrival is planned with an aircraft exceeding that limit, a special permission is required.
